Children's One-Stop Hernia Clinic

Pre-Clinic Information for Parents

APPOINTMENT

You should have now received an appointment for your child to see Mr Niall Jones at The Portland Hospital Children's One-Stop Hernia Clinic. If you need to change your appointment date please contact The Portland Hospital Enquiry Line on 020 7390 8020.

Mr Jones will confirm the diagnosis of hernia during the morning consultation appointment and will arrange for your child to have surgery that same afternoon in the absence of any significant medical conditions.

Should surgery be required then consent forms will need to be completed during the consultation appointment.

FASTING

In order to be ready for the procedure in the afternoon, your child should not have formula milk or food after 7.30am on the morning of the appointment; no breast milk after 9.30am, and no water after 11.30am. We will be able to tell you the time of the afternoon operation during the morning appointment and be assured we will not keep your child fasted unnecessarily.

PAYMENT

Please note that the hospital fees and consultant fees will be charged separately.

Insured: For insurance based clients the pre-authorisation for outpatient consultations will need to be obtained prior to your appointment. If surgery is required, the hospital's Admissions department will assist you with obtaining authorisation for the surgery.

Please bring your insurance details with you at the appointment.
