Insured Patients

Please note if your stay is covered by your private medical insurance then we are required to provide an itemised invoice for payment. Package prices and loyalty discounts will therefore no longer apply. Please notify the Maternity Services Advisor on 020 7390 6068 if you are covered by a private medical insurance policy prior to admission so that we can advise regarding our billing procedure. You will be required to obtain appropriate authorisation from your insurance company and ensure any policy shortfalls are met. Please ensure you have liaised with your insurance company prior to delivery to include your baby's care post delivery on your policy. Please note that insurers will cover a standard room only. If you would like to self pay for an upgraded room please speak to our admissions department upon your admission.

Additional Charges

Should complications arise up to the 35th week of your pregnancy and the midwife decides you need to transfer to Consultant Led Care then this would be charged at the Consultant Led rates (see Consultant Led Price List).

If you require an Emergency Caesarean after 35 weeks whilst under the Midwife Led Care then this will be charged at £1600. A Surgical Delivery of placenta will be charged at £1350.

Epidural is charged at £890 (plus £75 for each top up). This covers the Anaesthetist, Midwifery care and the relevant drugs.

Ventouse and Forceps Delivery

If you require a ventouse or forceps delivery a charge of £130 will be applied.

Nursery charge

For self paying patients the use of the nursery is included in the hospital fees. If your stay is covered by insurance then some companies do not cover the nursery costs, and the nursery fees will become your responsibility. Please check with your insurer for clarification on this.
